

# HIGH TECHNOLOGY TRUE SINE WAVE INVERTER AND INTELLIGENT TRANSFER BOX

	<p>TSW 700</p>	<p>TSW 700 Basic</p>	<p>System voltage: 12V            Continuous power: 600W/700W 30'            AC output voltage: 230Vac            Output frequency: 50 Hz            Maximum Efficiency: 92%            Display: 2 coloured LED for showing operation and fault messages            Application: Solar home system, Telecommunications, Recreational Vehicles, High Power Rural Electrification projects            Dimension: 203 X 336 X 80 mm            Weight: 2.4kg</p>
	<p>TSW 1500</p>	<p>TSW 1500 Basic</p>	<p>System voltage: 24V            Continuous power: 1200W/1500W 30'            AC output voltage: 230Vac            Output frequency: 50 Hz            Maximum Efficiency: 94%            Display: 2 coloured LED for showing operation and fault messages            Application: Solar home system, Telecommunications, Recreational Vehicles, High Power Rural Electrification projects            Dimension: 203 X 336 X 80 mm            Weight: 3.2kg</p>
	<p>STA 030</p>	<p>Intelligent Transfer Box</p>	<p>Three AC input/output with intelligent control            Wide AC input range voltage: 90 to 250 Vac, 50/60 Hz            30 Amp output breaker            Maximum Current: 30 Amps each switch            3 Input/Output automatically driven by Microprocessor.            Suitable to deliver the solar energy to your house to offset your electricity bill            Suitable as emergency during outage of electricity to have your home and office safely energized.</p>
